Dear Residents,

This is to inform you that the outcome of the follow-up RA meeting of yesterday, 2 January '21, is that a common agreement to accept the suggested refined proposal has been reached through a hybrid (tokens and online) system. Those who are interested to know exact numbers, please swing by the RAS office.

The refined proposal is:

**“To pause all clearing, infrastructure laying and permanent construction work on the Right of Ways of Crown, Radials and Outer Ring in order to enable the community to define a way forward for Auroville's development, following:**

- **collective processes,**
- **the 'Master Plan: Perspective 2025' framework,**
- **and other relevant regulations.**

**The outcome shall be approved through a ratified Residents' Assembly Decision-making process, before the above specified clearing, infrastructure laying and permanent construction work resumes.”**

It is now ready to be brought out to the community for a final decision.

A detailed report will follow soon. By the end of the week, the RAS will disseminate an RAD announcement.

Warmly,

**The Residents' Assembly Service**
