

PLANNING - LIST OF STUDIES NON EXHAUSTIVE LIST, TO BE COMPLETED				AUROVILLE, DECEMBER 2021		
SUBJECT / RELATED TO	NAME / TOPIC	TYPE	SIZE	PEOPLE INVOLVED / WHO MADE CREATED THIS DOC	YEAR COMPLETED	BRIEF SUMMARY
ECONOMY						
ECONOMY	Study on the socio economic development of Auroville	Study - PDF slides (48 slides)	1167 KB	Martin S, Vikram D, Harini	?	Survey studies commercial activities, working groups, human resources with interdependancies and suggestions from each of the three
ECONOMY	Economics for people and earth – the Auroville case	Research - PDF (38 pages) ONLY summary of chapters. Hard copy book available for purchase	2369 KB	Henk Thomas, Manuel Thomas,	2013	15 years' study and conclusions on Auroville's economy. Traces history over past 4 decades, investigates growth of employment opportunities, studies economic activities through case interviews and analyses performance of Auroville commercial and service domains.
MASTER PLAN						
MASTER PLAN - Planning overall	Auroville Retreat	Final report - PDF (72 pages)	5506 KB	Collective work, Aromar Revi as lead facilitator	2015	Preparatory to the retreat: Creating descriptive account of themes along with insights for possible directions towards manifesting Aurovilles vision. Understanding the interconnectedness and identify possible interdependencies of insights and further harvest the input of the wider community. Translate the insights into concrete, achievable goals.-----Actual retreat of two days, participants identify critical milestonespecific challenges, and enabling conditions, determine groups and individuals to be responsible for implementation, and specify estimated timelines.TOR sample document made for selected documents to demonstrate how to map concrete action plans and solutions within the context of the community while considering existing boundaries and opportunities. -----OUTCOME OF WORKSHOP: Goals, strategies and milestones
MASTER PLAN - Galaxy plan & ground reality	Age of Auroville	Study & analysis by Intern - PDF slides (40 slides)	6008 KB	Nirav Makwana CEPT with guides Helmut, Lalit, David	2008	crosschecks proposed figures of area, population, densities, Ground coverage, Open space standards consideredin proposed master plan. Checks and reviews different international and national standards for residential built environment. Analyzes the existing built environment conditions of Auroville'scommunities, 3D models of proposed residential zone
MASTER PLAN - Planning processes	Integrated sustainability platform (ISP)	Framework PDF (39 pages)	6011 KB	Batel Dinur, Alon Yakolchik, Lalit, Lavenir	2009	Gives framework and concept of the process for creating Integrated sustainability platform
MASTER PLAN - Planning processes	Integrated sustainability platform (ISP)	Final report of a process. PDF (192 pages)	1373 KB	Batel Dinur, Alon Yakolchik, Lalit B, Lavenir	2010	A project for collaborative planning in Auroville. Recommendations for Auroville as a whole and a possible future participatory structure with Lavenir. Process that can be followed for participatory planning - various tasks identified with team grouping under three main headings - Physical infrastructure, Natural environment, Social infrastructure.

MASTER PLAN - Planning processes	Integrated sustainability platform (ISP) - AV Today	Interview - PDF - (1 page)	640KB	Auroville today	2010	Interview in Auroville Today with a brief on the ISP
MASTER PLAN - Planning - Landscape	Integrated urban rural landscaping	Research paper - PDF (38 pages)	1543 KB	Helge Jung	2001	Explores the idea of the whole township connected by an interlinking network of green open spaces, comprising the Matrimandir Gardens in the central Peace area, green corridors throughout the whole city area, four major radial parks, and the surrounding Green Belt. Creating this green network, the contrasts between 'urban' and 'rural' will soften more and more to become a continuum. The paper studies present situation and future development and also deals with implementing these objectives, gives some hints on maintenance, care and further development of the green areas.
MASTER PLAN - Galaxy plan	Galaxy plan - understanding the density	Exercise - PDF slides (13 slides)	9718 KB	Marie Picard with guides Lalit B, Helmut S	2009	By using a grid, the footprint of galaxy concept is simplified, a percentage of open to built up spaces calculated using same grid. Mockup study made by 3d modelling built up spaces using cubes. Different scenarios for ground coverage and corresponding built up areas studied.
MASTER PLAN - Galaxy plan	Galaxy plan - understanding the density	Exercise - PPT presentation (18 slides)	9164 KB	Marie Picard with guides Lalit B, Helmut S	2009	By using a grid, the footprint of galaxy concept is simplified, a percentage of open to built up spaces calculated using same grid. Mockup study made by 3d modelling built up spaces using cubes. Different scenarios for ground coverage and corresponding built up areas studied.
MASTER PLAN	Crownways - Dreamcatchers	Presentation PPT (41 slides)	15394 KB	?	1997(?)	Not self explanatory
MASTER PLAN - Planning overall	The making of a structured city	Study & Report PPT presentation (22 slides)	20556 KB	Maninder Singh (Architect, Urban designer) with support from Lavenir, Lalit B	2008	Study to understand morphology of the new urban development possibilities in the upcoming residential zone R2 under the framework of the Auroville Master Plan 2004 and understand how the intended Galaxy Plan by Roger Anger can be implemented inon the particular residential zone R2. Taking into account existing site conditions, the vision of the concept and context, proposes an urban design strategy. A worked out structure plan as one of the many other logical solutions that are possible to interpret the Galaxy plan.
MASTER PLAN - Planning - Industrial zone	Studies and challenges of the Industrial Zone	PPT presentation (96 slides)	56859 KB	Auroville Integral Sustainability Institute + CEPT	2012	Looks at existing roads, structures, analyzes zones within the Industrial zone area. Studies existing land conditions, types and overlays galaxy master plan over it. Studies some units, residential areas within the Industrial zone and suggests land use around these units. Design proposal for a plaza in the industrial zone. A study of some of the challenges to future development
MASTER PLAN - Planning - Industrial zone	Research, analysis and design proposal for Kottakarai plot - Mangalam	PPT presentation	79257 KB	Deepti Gangwal - Internship study & proposal	2010	Studies existing areas Swaram, Indigo, Ganesh bakery etc, proposes design options in totality for the area, takes into account inputs from various stakeholders from the area
MASTER PLAN Planning	Community overview	PDF (4 pages)	12440 KB	Nirav Makwana CEPT	?	Study of a few communities in residential zone: Invocation, Prayatna, Sukhavati, Arati 2, Vikas, Creativity, Grace & Madhuga

MASTER PLAN Planning	Study- Green Corridor	PDF (23 pages)	526KB	Helge Jung	?	Checklist for situation assesment and planning conditions for a Green Corridor from Town Hall to Outer Ring Road. The corridor is divided into 8 sections for analysis in the following categories: Identification of site, Extension/ Limits of site; Contour Levels; Vegetation; Settlements / Accesses / Traffic; and Scenery.
MASTER PLAN - AV OFFICIAL PERSPECTIVE	Master plan zoning regulations	Word doc (6 pages)	71KB	Aurofuture(Lalit, Luigi & Jacques); with advise from Dattatri	2001	Gives zone wise permitted, non-permitted uses, FAR, max ground coverage & minimum plot sizes for development
MASTER PLAN - AV OFFICIAL PERSPECTIVE	Master plan - a basic overview	Presentation PPT (29 slides)	37672 KB	Lalit (Joy of Learning presentation)	2015	Explains regional context, galaxy plan evolution and it's background, master plan with distribution of facilities and services, approach and rationale behind the line of force, sketches and views of thecity, crown, line of force. An explanation of the zonal layouts with the 4 aspects given by the Mother. The way forward as per 'Urban Development Plans Formulation and implementation' format and a brief explanation of the format.
MASTER PLAN - AV OFFICIAL PERSPECTIVE	Key Features of the Master Plan and Evolution of Planning in Recent Times - Perspectives and Critical Aspects	PPT presentation (21 slides)	1245 KB	Sauro (Joy of Learning Presentation)	2015	Explains structure and content of Master Plan, goals and objectives for implementation, zoning concept, key principles of development such as physical and social infrastructure & population distribution. A brief review of the Master Plan and development regulations. A brief on the mobility planning policy which was approved by Roger Anger in 2005. An explanation of existing building permission processes
MASTER PLAN - AV OFFICIAL PERSPECTIVE	Interview with Mr B.V.Doshi	Video (9.14 minutes)	414.3 MB	Interview conducted by Lalit for Joy of Learning		Touches upon Master plan, it's role on further development in Auroville, the dynamism of the galaxy plan
MASTER PLAN - AV OFFICIAL PERSPECTIVE	Map 01 - Auroville Bioregion	PDF - 1 page	56987 KB	Tejaswini	2009	Map of Auroville extended bioregion with roads, villages, tanks and land status indicated
MASTER PLAN - AV OFFICIAL PERSPECTIVE	Map 02 - Auroville City area with community labels	PDF - 1 page	4031 KB	Tejaswini	2009	
MASTER PLAN - AV OFFICIAL PERSPECTIVE	Map 03 - Auroville current development and all land	PDF - 1 page	60KB	Tejaswini	2009	Map also shows infiltration areas by quantity
MASTER PLAN - AV OFFICIAL PERSPECTIVE	Map 04 - Auroville current development in city area	PDF - 1 page	19891 KB	Tejaswini	2009	Map indicates communities, built forms
MASTER PLAN - AV OFFICIAL PERSPECTIVE	Map 05 - Auroville All Lands - Future scenario	PDF - 1 page	2246 KB	Tejaswini	2009	Map indicates communities, built forms
MASTER PLAN - AV OFFICIAL PERSPECTIVE	Map 06 - Auroville City area - Future scenario	PDF - 1 page	20024 KB	Tejaswini	2009	Map indicates communities, built forms
MASTER PLAN - AV OFFICIAL PERSPECTIVE	Map 07 - Auroville Current developments	PDF - 1 page	15653 KB	Tejaswini	2009	Map indicates communities, built forms, infiltration areas, village extents, roads & Auroville land status

MASTER PLAN - AV OFFICIAL PERSPECTIVE	Map 08-L - Auroville Current & future - superimposed	PDF - 1 page	199.9 MB	Tejaswini	2009	Map indicates existing conditions with future proposed development superimposed, land status etc. LEFT PART OF FULL MAP
MASTER PLAN - AV OFFICIAL PERSPECTIVE	Map 08-R - Auroville Current & future - superimposed	PDF - 1 page	199.9 MB	Tejaswini	2010	Map indicates existing conditions with future proposed development superimposed, land status etc. RIGHT PART OF FULL MAP
MASTER PLAN - Planning	Brief description of the Master plan 1965	Word doc (12 pages)	114KB	?	?	Gives a brief description of: Functions of the town and it's population, Architectural proposal wrt Residences, distribution of housing in different zones, distribution of active population in zones and their future capacity, Infrastructure & equipment required in each zone,
MASTER PLAN - Planning	Master Plan 1965 - Residential allocation in various sectors	Sudy of options - Xcel (8 sheet tabs)	102KB	?	?	Masterplan 1965 - Different options - Proposed Sectorwise Area Allocation of residences
MASTER PLAN - Planning	Master Plan 1965 - Area and population allocation	Summary Exel (1 sheet tab)	22KB	?	?	Masterplan 1965 - Summary of Area and population Allocation according to various zones
MASTER PLAN - Planning	Services & Equipment required in Township	Excel (5 sheet tabs)	55KB	?	?	Based on Master plan 1965 - different amenities required for different populations worked out in tabular format
MASTER PLAN - Planning	Old Maps - Master plan 1968	TIF - scanned images (14 nos)	1.95 MB	scanned from old prints	1968	Very old scanned images of drawings
MASTER PLAN - Planning	Approved road pattern 1971	TIF - scanned images (1 nos)	110KB	scanned from old prints	1971	Very old scanned image of drawings
MASTER PLAN - Planning	City center Study	Study - PDF (25 pages)	20330 KB	Anupama K	2007	Studies various designated zones in the city area, building heights, coverage. Also looks at what development policies for these areas should include. Studies general guidelines based on the galaxy plan, for buildings along the crown. This study has been made to assist in the proposal for the city center.
MASTER PLAN - Planning	City center - Proposal portfolio	Proposal presentation - PDF (124 pages)	61227 KB	Anupama K	2007	Proposal for a concentrated development of Auroville's city cente - which is the area within the crown road where each of the 4 zones come together. Motor free road network within the city center and vehicular circulation on the crown road only. Proposes building heights & distribution of a 5000 population within the center in the 4 zones, distribution of service buildings (social infrastructure), of parks and gardens. Presents briefly, various components, such as the matrimandir gardens, the lake and its rain water harvesting potential, Presents the crown road buildings as envisaged by Roger A, circulation on the crown, distribution of built spaces and proposes basic design guidelines for development along the crown.Gives design guidelines for the administrative, habitat 'belt' within the city center. Design guidelines for line of force buildings within the city center
MASTER PLAN - Planning	City center - map	PDF (1 page)	1254 KB	Anupama K	2007	Map of the city center proposal - 1:2000 scale
MASTER PLAN - Planning	City center - map	CAD drawing	2289 KB	Anupama K	2007	CAD drawing of the city center propal - Possible to identify areas via different layers

report	development plan	PDF report (68 pages)			2013	TDC –annual development plan 2014-2015 – Growth targets and constraints for growth
Report	Detailed development plan	PDF (47 pages)	36.4M B	L. Feduchi	2016	Detailed development plan for Residential Zone sector 1 + 2 – Phase 1 (not presented or ratified to / by the RA)
Report study	Annex – Detailed development plan AV Crown study- 8 sections	Google Doc. (23 pages)	183.9 MB 19.3 MB	L. Feduchi Prashant, Lata, Suhasini, Dharmesh, Tejaswini	2016	Detailed development plan for Residential Zone sector 1 + 2 – Annex (not presented or ratified to / by the RA)
MASTER PLAN - Infrastructure - Roads	Brief for study and technical design for laying of roads	Brief for work - PDF (3 pages)		Lavenir (Cristo, Min, Sauro)	2011	Auroville Crownway study - This study of the Crown, as proposed by the Town Development Council (TDC) of Auroville, lays out the existing ground realities and present uses. Based on this it also lays out what is suitable (proposed uses) and a rough timeline. This is for the different sections along the full stretch of 4.36 kms of the Crown as it passes through various human and physical geographies of Auroville. Some sections have more details than others and that is based on how much each section has so far been developed. This study was presented to AV Foundation Secretary Dr. Jayanti Ravi on 31st August 2021, where Sreevatsa from TDC was also present. This was also presented to the community in a GM on 17th Sept 2021. Brief given for appointing Aquaengineers (Dirk N) for taking up the work, Scope of works to take up the study & give technical inputs for some of the roads (crown, some radials), infrastructure corridor along the crown and radials, storm water management & parking.
	Technical study of the Crown			Dirk (Aqua Engineers)	2012	(document is in original Def data - Sauro - Shama already has this)
MASTER PLAN - Infrastructure - Roads	Comparative Studies of Mobility Studies 2013	Excel Workbook	31389 KB	Tejaswini	2013	Brief points that discuss the difference in the Mobility Studies done in Auroville in relation to different parameters which include street hierarchy and accessibility, pedestrian and cycle paths, road typology. parking spaces, public transport, distance studies, and volume count.
MASTER PLAN - Infrastructure - Roads	Assets & Challenges for AV Mobility 2015	PDF (1 page)	474KB	Ojas Vyas, Tejaswini	2015	List of the different assets and challenges faced by the Administration, Planning and the On Ground Challenges faced when discussing mobility within Auroville
MASTER PLAN - Infrastructure - Roads	Auroville and mobility observations and suggestions from traffic planner 2009	PDF (12 pages)	428KB	Karl-Heinz Posch (Carlo)	2009	Essay by an Austrian traffic planner about his observations regarding the traffic situation in Auroville. He also gives suggestions to improve the current situation by enforcing the use of non-motorised vehicles.
MASTER PLAN - Infrastructure - Roads	Mobility Management Coordination + Information: Outline Main Points and Follow Up	PDF (5 pages)	65KB	Karl-Heinz Posch (Carlo)	2009	An outline of the main points that were listed in Karl Heinz essay and the follow up actions that need to be taken.

MASTER PLAN - Infrastructure - Roads	Mobility Report Concept 2001	Word Document (16 pages)	58KB	Bellinger, Helmut	2001	This paper aims to work out the mobility-parameters of the Master Plan with more details. Based on the Master Plan's general considerations on traffic, especially the aim of giving preference to non-polluting movement, a network of roads and pathways has been proposed. A shuttle bus system is recommended to complete the network, connected to the service nodes specially developed for Auroville. In conclusion, some recommendations have been given as to how a motor-free city can be realised in carefully chosen steps. It also gives Zermatt and Venice as an example.
MASTER PLAN - Infrastructure - Roads	The Mobility Planning Policy and Design Criteria for movement, traffic and roads 2005	PDF (27 Pages)	9941 KB	Auroville's Future Approved by Roger Anger	2005	Based on the document by Helmut in collaboration with Billenger, this document re-interprets the information in order to create a set of design guidelines, as indicated and endorsed by the chief architect, Mr Roger Anger. It also includes a series of maps and sections which further explain the road structure and guidelines.
MASTER PLAN - Infrastructure - Roads	Pre-Study on Costs of Different Types of Roads and Related Topics	PDF (11 pages)	110KB	Cristo (Consultant to Auroville Development Council)	?	The document lists down the costs of the different kinds of roads, the methodology by which they were done and the various tests that are needed to find out the rates. It also discusses related topics such as topography, surveys, etc. which are necessary in order to establish a road network suitable to Auroville.
MASTER PLAN - Infrastructure - Roads	Scope of Work- Mobility 2013	Excel Workbook	8KB	Tejaswini, Ojas	2013	A brief of the work task, objectives, existing studies and deliverables that are required to prepare a Sustainable Mobility Plan.
MASTER PLAN - Infrastructure - Roads	Road- Full Mobility Chart with Road Names	Excel Workbook	42KB	Tejaswini, Ojas	2013	Traffic Planning parameters relating to the dimensions of the road, pavement etc. in the various zones.
MASTER PLAN - Infrastructure - Roads	WORK IN PROGRESS- Mobility Survey Analysis 2014 (TDC)	PDF (39 pages)	1827 KB	Ojas, Tejaswini, Prashant	10/14	It consists of 3 surveys- Aurovillian Survey, Units Survey and Employees survey. Each survey has been conducted over a period of two months and can be used as a tool to form road infrastructure guidelines.
MASTER PLAN - Infrastructure - Energy, Water, Sewage	Auroville Municipal Energy Plan 2003 - 2004 (Asian Urbs Studies)	PDF (54 pages)	1204 KB	Brahmanand Mohanty, AVES, Aurofuture	2003-2004	The plan details all the studies which lists out the energy consumption made by AV, the current scenario and short term and long term goals to improve the situation.
MASTER PLAN - Infrastructure - Energy, Water, Sewage	DRAFT Pre- Feasibility Study Report for the setting up of small-medium scale CEFT 2002	PDF (39 pages)	720KB	Kraft & Associates, Pashi	2002	The report details out the need for a small- medium scale CETP for waste water management in the Auroville Industrial Zone, Mainly Udyogam and Aurobhakti. Since there are no units currently operating out of here, data collected from Naturellement, Aurosoya and Avatar were collected, analysed and conclusions were formed.

MASTER PLAN - Infrastructure - Energy, Water, Sewage	Energy and Water Efficiency Masterplan 2015 (Auroville Consulting)	PDF (130 pages)	6706 KB	Auroville Consulting	2015	The report briefly presents the scope of the Energy and Water Master Plan and explains its current water and energy infrastructure. It establishes a water consumption and energy baseline overall for Auroville and all its sectors and the water and energy saving potentials that were identified during the study. Forecasts for energy and water consumption till the year 2020 are included and an assessment of various renewable energy technologies and their potential and feasibility for Auroville today. The report also sets annual targets for energy efficiency, water saving, renewable energy and to reduce CO2 emissions by 25% by 2020.
MASTER PLAN - Infrastructure - Energy, Water, Sewage	FINAL REPORT- Water Management and Infrastructure Masterplan for the Residential Zone 1 & 2 in AV 2008	PDF (75 pages)	5981 KB	Dirk (Aqua Engineers)	2008	Study of the existing water infrastructure in the nearby environment, summary and assessment of the water infrastructure including storm water drainage, and a Water Master Plan concept for the extension of the existing communities with the considerations of the existing water infrastructure in Residential Zones 1 and 2. The total cost of water management and infrastructure is calculated.
MASTER PLAN - Infrastructure - Energy, Water, Sewage	Pre Feasibility Study on Water, Stormwater and Wastewater 2003 (EU-ASIA URBS)	PDF (231 pages)	8211 KB	Kraft & Associates	2003	Background of Auroville along with a description of the planning area and the basic concept of water management. The study of pre- feasibility of the water supply, stormwater management and wastewater management of the city of Auroville which includes a detailed study into each system and concludes with a cost estimate of each.
MASTER PLAN - Infrastructure - Energy, Water, Sewage	Report on Survey of Sanitary Installations and Wastewater Treatment Systems in AV 2002	PDF (41 pages)	692KB	Cristo (Consultant to Auroville Development Council)	2002	The report deals with the completion of the database of all existing installations and systems in Auroville and mainly concentrates on examining the solutions proposed by the experts for the hygienic disposal and conversion of sludge into a safe product. The database attached to the report is based on a survey of all sanitary installations and treatment systems in Auroville.
Guidelines	guidlines for waste water treatment	PDF report (10 pages)		Gilles Boulicot, Lars Kosstedde, Tency Baetens, CSR, Auroville	2014	guidlines prepared for Indo-German Environment Partnership (IGEP) Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH New Delhi 110 029, India
MASTER PLAN - Planning	L'Avenir work Agenda 2014	PDF (5 pages)	580 KB	TDC	2014	Term of Reference to Technical team (Prashant) in charge of updating the Master Plan
MASTER PLAN - Infrastructure - Energy, Water, Sewage	Waste Water Management- Evaluation of the Present Proposals for a WWT for WWT 2015	PDF (20 pages)	219KB	Dirk (Aqua Engineers)	2015	Introduces and summarizes the various proposals for the treatment process, assessment matrix, questions or qualifiers by TDC, aims and questions by the TDC, the collection system and the recommendation and conclusion on the treatment technology.The prosed water plant appears to be a good option and should be sent for further testing
LANDUSE						

MASTERPLAN-Landuse	Auroville City Landuse - A proposal	PDF Slides (35 pages)	3426 KB	Suhasini	April- May 2015	The document gives a brief history of Auroville and how the Galaxy Plan was initially selected, and its context in the present time. It goes onto explaining the existing development and land use. Using the examples of maps and text, it details out the data regarding the elevation of the city, extracted streams and watersheds, soil infiltration rate, forested and/ or important areas within the city, archeologically sensitive areas within the city, villages adjacent and within the city, and the anticipated and ongoing development in the city area between 2013 and 2018. The suitability analysis and proposed land use is found out by an overlay of the master plan 2025 land use and road layout on the geophysical features of the land which bring out the main issues in case of each of the 4 sectors; Residential, International, Industry, and Cultural (including educational belt). General overall planning of open spaces is also discussed.
MASTERPLAN-Landuse	Comparison	Excel Document	15 KB	Lalit	2010	Pie-charts of the landuse within city limits (2012), landuse of the industrial zone (2012) and landuse (2000) with compare the divide of land between the various units or categories.
MASTERPLAN-Landuse	Landuse_ 220512	PDF Diagram	6608 KB	?	22nd May 2012	Existing land use plan of the Auroville Industrial Zone highlighting the various layers in it.
Study	Land suitability analysis - city area			Suhasini	2014	
Study	AV development priorities and directions for growth			Suhasini	2020-21	
GOVERNMENT DOCUMENTS						
GOVERNMENT DOCUMENTS-Legal Framework	Auroville Township Planning and Development Statutory Framework presentation for Joy of Learning (ACI)	PPT (9 Slides)	108KB	?	?	The presentation Indian administrative structure, Acts and rules applicable to Auroville's planning, the various bodies and the hierarchy of the existing Government bodies. It shows what role the planning Authority of Auroville plays in the development of Auroville.
GOVERNMENT DOCUMENTS-Legal Framework	Mandate of L'Avenir d'Auroville as published on AV Net - 1	PDF (5 pages)	59KB	RA	2007	States the objectives and overall parameters, organisation and management, work areas, technical services, task forces, advisory bodies, formation of the organisation, qualification of team leaders, decision making, interaction with residents and working groups - for L'Avenir d'Auroville
GOVERNMENT DOCUMENTS-Legal Framework	Memorandum of Understanding - Irumbai & TDC 2015 (English)	Scanned Document (4 pages)	904KB	TDC	2015	The Memorandum consists of the Aims and Objectives, and the strategic plan to follow through by both L'Avenir d'Auroville and the Irumbai Panchayat. It states the different contributions to be made by both the bodies that aim for welfare of both.
L'AVENIR - TDC related	Status Study Group Recommendations ver. 2010 - 2011 final for intranet replacement	PDF (11 pages)	377KB		4th February 2014	The study group focuses on 2 aspects of protection of the Auroville land- the statutory/ legal protection, and the non-statutory/ legal solutions. It also gives a brief argument towards the NTA and concludes regarding the immediate steps that can be taken for protection of Auroville land.

GOVERNMENT DOCUMENTS- Legal Framework	NTDA- Frequently Asked Questions 2015	PDF (10 pages)	343KB	NTDA task force	2015	A list comprising of the FAQ's and the answers around the topic of the NTDA status for Auroville.
GOVERNMENT DOCUMENTS- Legal Framework	NTDA Internal Process Clarification 2015	PDF (2 pages)	105KB	NTDA task force	2015	This document explains the reasons behind the request for NTDA status for Auroville.
L'AVENIR - TDC related	NTDA Justification final version 3nov 2014	PDF (5 pages)	205KB	NTDA task force	2014	The letter states the need for the NTDA and its importance in the acquisition of land for Auroville. Its lists its aims and objectives, briefly describing the history and goals, explaining how its formation will be beneficial.
GOVERNMENT DOCUMENTS- Legal Framework	Organised Structure for Master Plan	Scanned Diagram	564KB	Aurofuture with inputs from Dattatri	2001	The ideal organisational structure for TDC shows the different parts under a functioning Town Planning Council upto to the Residents
GOVERNMENT DOCUMENTS- Legal Framework	Resident Assembly Resolution on Main Elements of the Galaxy Concept and Master Plan April 2007 Annexes 1 & 2	Word Document	26KB	RA	2007	This is an RA ratified resolution consisting of Annexe-01 and Annexe-02 which state the main elements of the Galaxy Concept and Masterplan, and which matters need to be referred to Roger A for approval/ final decision. This is an annexure 1 & 2 to the Mandate of Lavenir
						Gazette notification of the Master Plan
GOVERNMENT DOCUMENTS- Legal Framework	The Gazetted for notification on Constitution of Auroville TDC June 2011	Scan of The Gazette (3 pages)	2592 KB	Auroville Foundation	2011	The article is the original publication of the Constitution of the Auroville TDC making it official and known to the general public. It states the Concl Membership, office bearers, term of office, cessation of office, nominations and vacancies, functions and responsibilities, advisory committee, accountability and reporting, internal management, L'avenir d'Auroville, and amendments to the notification.
L'avenir- TDC Related						
L'AVENIR - TDC related	Review of Building Application - Final Report 12.2011	Word Document (8 pages)	89KB	Helen Eveleigh	12/11	This report summarises Auroville's Building Application system and key recommendations. It also sets out suggested steps for delivering this agenda. This report provides a general direction.
L'AVENIR - TDC related	Applicant guide for site and building applications in Auroville	PDF (17 pages)	420KB	Helen Eveleigh	2012-2013	Guidelines for people preparing a site or building application for any development within Auroville. It sets out what information is required at site and building application stages to show how development should meet the guidelines in Auroville and the processes through which the proposal should pass, along with answers to Frequently Asked Questions.
L'AVENIR - TDC related	Form Site Application 2013	PDF (3 pages)	459KB	TDC	2013	The form takes detailed information about the basic project details, the actual need for the project, land requirements, densities, building heights, etc. to ensure that the buildings are sited in locations which meet the needs of their users and the residents, minimise impact on infrastructure and reflect the vision of Auroville. Its is needed for new developments. Not needed for extension and repairs.
L'AVENIR - TDC related	General Form- Building Application 2013	PDF (6 pages)	640KB	TDC	2013	It provides a comprehensive review of whether the building meets Auroville's development guidelines. They are required for new buildings and for existing building extensions or structural altercations. Only applicable to projects less than 300 sq. m. Not required when repairing a building or changing the use of a building.

L'AVENIR - TDC related	Presentation TDC Structure and Processes	PPT (8 Slides)	716KB	Study Group (Jaya, Pashi, Tine)	2012	Concept by Study group for organization of Lavenir.
L'AVENIR - TDC related	Progress Report 2013-2014 (TDC)	PDF (36 pages)	2701KB	TDC	November 2013- July 2014	Gives an update to GB of work done in the year 2014
L'AVENIR - TDC related	WayForward2018 - Visual Diagram - 25.04.15	1 Page Diagram (PDF)	102KB	?	25th April 2015	Diagram shows the flow of power between the main bodies and the various AG's (Action Groups).
Participatory Planning						
Participatory Planning	Creating a TDC Communication Strategy - Report and Recommendation May 2008	PDF (7 pages)	580KB	Banlim Kalra, Ojas Vyas, Elvira Klein	2013	The report gives suggestions and ideas regarding how to make the process more transparent and get more participation from the community, RA, and the Working Groups. It defines the various resources and systems that are needed, the various stakeholders and competitors, and the competencies, processes and tools that can be accessed.
Participatory Planning	Delivering Auroville: A City of the Future March 2008	Word Document (20 pages)	171KB	Helen Eveleigh	27th March 2008	The report is divided into 2 parts: the first part looks at the processes and procedures required to support the development of a place to realize human unity and also the practical ways in which urban design can be used to meet these, and the second looks at considerations for delivering the vision – splitting these into short term and long term issues.
Participatory Planning	Dream- Catching as a Tool for Planning and Design May 2009	PPT (60 slides)	20676 KB	Mona Doctor- Pingel	05/09	The output of a workshop organised by Mona Doctor- Pingel which looked at an 'open source' planning approach, followed a charter and created interactive land installations. The idea was to get the community involved in the design process. Images from the workshop are included in the presentation.
Participatory Planning	Input Participatory Workshop	Word Document (2 pages)	18KB	?	?	Community inputs in Participatory Workshop

Participatory Planning	Participatory Planning in Auroville- Some Basic Points and Ideas	Word Document (2 pages)	16KB	?	?	Discussion of different ideas and methods by which participatory planning can be implemented in Auroville.
Participatory Planning	Ladder of Citizen Participation	GIF Image	10KB	?	?	A typology of eight levels of participation. For illustrative purposes the eight types are arranged in a ladder pattern with each rung corresponding to the extent of citizens' power in determining the end product. Arnstein defines citizen participation as the redistribution of power that enables the have-not citizens, presently excluded from the political and economic processes, to be deliberately included in the future.

Participatory Planning	Research on the Auroville Community Participation Framework 2015- 2016	PDF (128 pages)	22778 KB	Queen's University School of Urban and Regional Planning in Association with Auroville Integral Sustainability Institute (Lalit)	September 2015- January 2016	The purpose of this report is to provide the Township of Auroville with a Community Participation Framework that will allow for a consistent and transparent collaborative planning process. The framework is based on a set of guiding principles and it functions as a step-by-step guide to involving the community in the planning and development process. A pilot study, using a local planning issue, was conducted to test the framework. Findings from the pilot study resulted in modifications to the framework and recommendations concerning both the pilot study topic and participation more generally.
Participatory Planning	Tips of the Participatory Approaches	Word Document (2 pages)	30KB	?	?	Explanation of the meaning and the core values of Participatory Planning, and basic tips on how it can be practised effectively.
Participatory Planning	Shared Planning Development	PDF (8 pages)	30.2 MB	Elvira	2012	Workshop / GM held in 2012 about participatory planning
	Creating a TDC Communication platform	Report & Recommendations PDF(7 pages)	579KB	Bankim Kalra, Ojas Vyas, Elvira Klein	2013	why a communication strategy is required, its aims & activities
workshop	collaborative session	PDF report (5 pages)	2Mb	200 people	2019	Auroville – a way forward! Altogether, more than 200 people took part in six days of the “Collaborative January Sessions” including Auroville residents, members of Auroville’s key working groups and local projects, and a few regional network partners. a team of international senior town-planners, specialising in healthy placemaking, sustainable masterplanning and collaborative community planning contributed their skills and expertise. The main objective of the project was to support L’Avenir/TDC planning office in planning for Auroville’s future growth. Preparatory talks with L’Avenir members and other Aurovilians from different working groups helped to define the major challenges Auroville is presently facing. The “hands-on” group sessions helped define a strategy for a future process of participatory planning. And could help create a more appropriate governance structure, build consensus on a commonly agreed and supported Auroville masterplan.
report (draft)	IDPP (draft)	PDF (95 pages)	38MB	Bankim for TDC	2013	The IDPP is envisioned as L’Avenir/ TDC’s principal strategic planning instrument, from which various other strategic documents will flow including the Detailed Development Plan. Through the five-year IDPP, the aim is to enable the TDC and the Residents Assembly to: <ul style="list-style-type: none"> - develop and articulate a clear vision; • identify its key development priorities; • formulate appropriate strategies; • develop the appropriate organizational structure and systems; and • align resources (financial and non-financial) with development priorities
Survey- Analysis
