Dear ATDC/ L'avenir d'Auroville,

Could you please specify what new structures you think have been constructed at the Youth Center.

There has been no construction of any new structures at the Youth Center, since the stay order. The section of the Crown Right of Way that passes through the YC has been untouched, and there has been no construction whatsoever on the Crown.

Do let us know what you are referring to and we look forward to solving this misunderstanding.

We have been working to collaborate with the ATDC in order to receive the NOC for the future development of the Youth Center at its present location and as a valuable part of the Crown Right of Way. This was addressed by the architects of Auroville, during the Dreamweaving process, in aid of developing the Detailed Development Plan for the Crown area and Auroville as a whole. We look forward to complying with the needs and plans of Auroville and collaboratively, in unity, building a beautiful, functional space for the youth of Auroville, the bioregion, India and the world.

Best,

The YC Team
